

Lung cancer scorecard 2025

References

- ⁱ Projected deaths 2023 compared to 2024 (melanoma and non-melanoma skin cancers). Relative survival 2011-15 compared to 2016-20 (excluding non-melanoma skin cancers). <https://www.aihw.gov.au/reports/cancer/cancer-data-in-australia/contents/about>.
 - ⁱⁱ Nurses in June 2025 confirmed directly via these organisations. Lung Foundation Australia, McGrath Foundation, Prostate Cancer Foundation Australia, & Melanoma Institute Australia. Unpublished data on government-funded cancer nurse positions. (Note: the number of lung cancer nurses includes additional roles funded directly by health services. The additional roles funded by health services for the other cancer nurses is not known but would further these disparities).
 - ⁱⁱⁱ Deaths and research funding 2018-2020 (27,932 lung cancer & mesothelioma deaths; \$30.9m research funding) from AIHW 2024 Cat. No: CAN 122 and Cancer Australia 2023 'Cancer Research in Australia' (excluding non-melanoma skin cancer).
- * Turn over to see how lung cancer screening will positively impact survivorship.
